RE: Redelegation of Authority – Copyright Ownership

The University of California Copyright Ownership policy, dated August 19, 1992, sets forth chancellors’ authority for copyrighted works under their respective jurisdictions.

In IDA613 the Chancellor delegated to me the authority to execute documents necessary for the licensing in the name of the Regents for any rights to copyrights. I am redelegating authority to you as specified below:

To execute certain documents for the Division of Continuing Education and Distance Learning necessary for the conduct of licensing in the name of the Regents for any rights to copyrights. Documents covered by this redelegation include:

- Licenses to third parties to copyrighted works which are in the name of the Regents of the University of California which have been approved as to form by the Director, Intellectual Property Administration—Applied Innovation and/or UCI Risk Services.

These authorities may not be further redelegated.
