EXECUTIVE DIRECTOR, HUMAN RESOURCES  
UC IRVINE MEDICAL CENTER

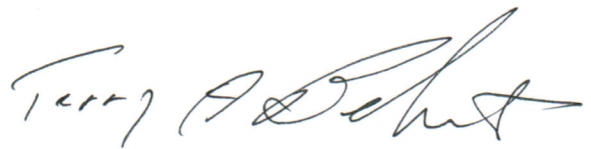

RE: Delegation of Authority - Outplacement Services (Service Agreements)

The authority to execute service agreements was delegated to Chancellors by Presidential Delegation of Authority DA 1058, December 30, 1991, and redelegated to the Chief Operating Officer, UC Irvine Medical Center by Irvine delegation IDA 491, November 12, 2009. I am redelegating to the Executive Director, Human Resources, authority to execute agreements with agencies and other organizations outside the University to provide outplacement services when they judge the best interests of the University are served. This includes the authority to provide outplacement services, on an as-needed basis, to eligible individuals who leave University employment.

All agreements must be approved as to legal form by the General Counsel prior to execution unless previously approved by that office and issued without revision. One fully executed copy of all agreements must be sent to the Accounting Office, Materiel Management, and Risk Management.

This authority may be redelegated to one deputy administrator who reports directly to the Executive Director. Any redelegation of this authority should be in writing with a copy to me and those listed below.

This delegation supersedes Director Laret's October 9, 1998 delegation of authority on the same subject (IDA 254).

Terry A. Belmont  
Chief Executive Officer  
UC Irvine Medical Center
